Project Name: MWRP Filter Pump Station 2 Header Replacement Project

Project Location: The project is located within the Michelson Water Recycling Plant (MWRP) at 3512 Michelson Drive, Irvine, CA (See Figure 1)

County: Orange

Description of Nature, Purpose and Beneficiaries of Project:

Irvine Ranch Water District (IRWD) has a recycling water plant facility, located at 3512 Michelson Drive in Irvine, CA. Recent maintenance inspections have indicated the existing Filter Pump Station 2 header pipe is corroded and requires replacement. This project will replace the 36-inch cement mortar lined and coated steel header pipe and will also install new valves and a flow meter on the pipeline. In order that the Michelson Recycling Water Plant remains in continuous operation during this construction project, a temporary by-pass pumping system will be installed.

- Categorical Exemption (State Guidelines Sec. §15306)
- Statutory Exemption State code number (State Guidelines §15282)

Reasons why project is exempt:

This project will repair and replace the head pipe that is corroded. The replacement will have the same purpose and will be the same capacity as the structure replaced.

State Guideline §15301 provides exemption for the operation, repair, maintenance, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination; and State Guideline §15302, which provides for the replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced and will have substantially the same purpose and capacity as the structure replaced.

Submission of this form is optional. Local agencies may file this form with the county clerk pursuant to Public Resources Code Section 21152(b). The filing of the notice starts a 35-day statute of limitations on court challenges to the approval of the project under Public Resources Code Section 21167(d). Failure to file the notice results in the statute of limitations being extended to 180 days.
