

AGENDA  
IRVINE RANCH WATER DISTRICT  
WATER RESOURCES POLICY AND COMMUNICATIONS  
COMMITTEE MEETING  
TUESDAY, APRIL 30, 2024

This meeting will be held in-person at the District’s headquarters located at 15600 Sand Canyon Avenue, Irvine, California. The meeting will also be broadcasted via Webex for those wanting to observe the meeting virtually.

To observe this meeting virtually, please join online using the link and information below:

Via Webex: <https://irwd.webex.com/irwd/j.php?MTID=m5bf2dabefc1ca75cf5551687fb20f45f>  
Meeting Number (Access Code): 2496 163 6981  
Meeting Password: 7FwUMxi8ah3

As courtesy to the other participants, please mute your phone when you are not speaking.

PLEASE NOTE: Participants joining the meeting will be placed into the Webex lobby when the Committee enters closed session. Participants who remain in the “lobby” will automatically be returned to the open session of the Committee once the closed session has concluded. Participants who join the meeting while the Committee is in closed session will receive a notice that the meeting has been locked. They will be able to join the meeting once the closed session has concluded.

CALL TO ORDER 9:00 a.m.

ATTENDANCE Committee Chair: Steve LaMar \_\_\_\_\_  
Member: Karen McLaughlin \_\_\_\_\_

<u>ALSO PRESENT</u>	Paul Cook _____	Paul Weghorst _____
	Wendy Chambers _____	Neveen Adly _____
	Kevin Burton _____	Fiona Sanchez _____

PUBLIC COMMENT NOTICE

If you wish to address the Committee on any item, please submit a request to speak via the “chat” feature available when joining the meeting virtually. Remarks are limited to three minutes per speaker on each subject. Public comments are limited to three minutes per speaker on each subject. You may also submit a public comment in advance of the meeting by emailing [comments@irwd.com](mailto:comments@irwd.com) before 8:00 a.m. on April 30, 2024.

---

**COMMUNICATIONS**

---

1. Notes: Weghorst
2. Public Comments
3. Determine the need to discuss and/or take action on item(s) introduced that came to the attention of the District subsequent to the agenda being posted; and determine which items may be approved without discussion.

---

**ACTION**

---

4. 2024 LEGISLATIVE AND REGULATORY UPDATE – COMPTON

Recommendation. That the Board adopt a “WATCH” position on SB 937 (Weiner) and SB 1210 (Skinner), and a “SUPPORT” position on AB 2515 (Papan), SB 903 (Skinner), and H.R. 7944 (Curtis-R-UT-3).

---

**OTHER BUSINESS**

---

5. Directors’ Comments
6. Adjourn

\*\*\*\*\*  
Availability of agenda materials: Agenda exhibits and other writings that are disclosable public records distributed to all or a majority of the members of the above-named Committee in connection with a matter subject to discussion or consideration at an open meeting of the Committee are available for public inspection in the District’s office, 15600 Sand Canyon Avenue, Irvine, California (“District Office”). If such writings are distributed to members of the Committee less than 72 hours prior to the meeting, they will be available from the District Secretary of the District Office at the same time as they are distributed to Committee Members, except that if such writings are distributed one hour prior to, or during, the meeting, they will be available electronically via the Webex meeting noted. Upon request, the District will provide for written agenda materials in appropriate alternative formats, and reasonable disability-related modification or accommodation to enable individuals with disabilities to participate in and provide comments at public meetings. Please submit a request, including your name, phone number and/or email address, and a description of the modification, accommodation, or alternative format requested at least two days before the meeting. Requests should be emailed to comments@irwd.com. Requests made by mail must be received at least two days before the meeting. Requests will be granted whenever possible and resolved in favor of accessibility.

April 30, 2024

Prepared and submitted by: C. Compton

Approved by: Paul A. Cook

## WATER RESOURCES POLICY AND COMMUNICATIONS COMMITTEE

### 2024 LEGISLATIVE AND REGULATORY UPDATE

#### SUMMARY:

This report provides an update on the 2023-2024 legislative session, regulatory issues, and IRWD priorities. As legislation and regulations develop, staff will provide updates and recommendations to the Water Resources Policy and Communications Committee and the Board, as appropriate.

Staff recommends the Board consider the following actions / positions:

- *AB 2515 (Papan) – Menstrual Products: Perfluoroalkyl and Polyfluoroalkyl: “SUPPORT”;*
- *SB 903 (Skinner) – Environmental Health: Product Safety: Perfluoroalkyl and Polyfluoroalkyl Substances: “SUPPORT”;*
- *SB 937 (Wiener) – Development Projects: Fees and Charges: “WATCH”;*
- *SB 1210 (Skinner) – Electrical, Gas, Sewer, and Water Service Connect Charges: “WATCH”;* and
- *H.R. 7944 (Curtis R-UT-3) – To exempt certain entities from liability under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 with respect to releases of perfluoroalkyl and polyfluoroalkyl substances, and for other purposes: “SUPPORT”.*

#### BACKGROUND:

The last day for legislative policy committees to hear fiscal bills was April 26, and May 3 is the policy committee deadline for non-fiscal bills. The last day for fiscal committees to hear and report to the floor any bills introduced in its house is May 18, and the house of origin deadline is May 24. June 27 is the last day for legislative measures to qualify for the November 5, 2024, general election.

A copy of the 2024 Legislative Matrix is attached as Exhibit “A”. Links to the bills discussed below are included within each discussion unless a separate exhibit is noted.

#### 2024 State Legislative Update:

##### *Connection Fees and Development Impact Fee Related Bills:*

As noted in the February and March 2024 Legislative and Regulatory Updates, staff has been closely monitoring introduced legislation related to the fees charged on new housing development, and seeking amendments to many of the developer impact fees that would have impacted connections fees. Specifically, the District was seeking amendments to [AB 2729](#)

(Patterson, R-Rocklin), [SB 937](#) (Wiener, D-San Francisco), and [SB 1210](#) (Skinner, D-Oakland) to eliminate any impact they might have on connection fees. SB 937 and SB 1210 have since been amended to remove their impact on connection fees. AB 2729 may be amended following its policy committee hearing, which was held on April 24.

SB 937, as introduced, would have prohibited a local agency from requiring the payment of fees or charges, including water and sewer connection fees, until the date the certificate of occupancy is issued. The bill was amended in early April to exclude utility connection fees.

SB 1210, as introduced, would prohibit an electric, gas, sewer, or water service connection fee for new housing construction from exceeding one percent of the reported building permit value of that housing unit. The bill would have also required that the connection fee be spread over a period of at least 10 years. The bill has since been amended and now just requires the posting of a fee schedule. The limitation of the fee amount and repayment has been removed from the bill.

As a result of the amendments to SB 937 and SB 1219, staff recommends that the Board adopt a revised position on the bills. Specifically, staff recommends that the Board adopt “watch” positions on SB 937 and SB 1220.

#### *PFAS-Related Legislation:*

Like last year, this legislative session continued to see a number of bills of perfluoroalkyl and polfluoroalkyl (PFAS) related bills. The following bills, which were introduced this year, related to PFAS:

- [AB 2515 \(Papan, D-San Mateo\) Menstrual products: perfluoroalkyl and polyfluoroalkyl substances \(PFAS\)](#): AB 2515 would prohibit manufacturing, distributing, or selling, in the state any menstrual products that contain regulated PFAS (polyfluoroalkyl substances) in menstrual products. AB 2515 would authorize the Department of Toxic Substances Control to adopt guidance or regulations for implementing and enforcing the manufacturing, distributing, or selling of such products. AB 2515 is similar to AB 246 (Papan, 2023), which was passed last year, but vetoed by the Governor. The District had a “support” position on AB 246 last year. Staff recommends the Board now adopt a position of “support” on AB 2515, which brings it into line with the District’s previous position on AB 246 (Papan, 2023); and
- [SB 903 \(Skinner, D-Richmond\) Environmental health: product safety: perfluoroalkyl and polyfluoroalkyl substances](#): SB 903 would prevent the sale and use of products beginning in 2030 containing PFAS unless the use of the PFAS in the product is necessary and there is not a safer alternative available. SB 903 would also set up a process at the Department of Toxic Substances Control (DTSC) that would allow manufacturers to petition the Department to determine whether the presence of PFAS in their product is currently unavoidable use. SB 903 is co-sponsored by CASA, Natural Resources Defense Council (NRDC), Breast Cancer Prevention Partners (BCPP), Clean Water Action (CWA), and Environmental Working Group (EWG). Given the United States Environmental Protection Agency’s (U.S. EPA) recently finalized rules on PFAS,

staff recommends the Board adopt a position of “support” on SB 903, which help reduce the sources of PFAS entering water sources and wastewater.

*Proposed Groundwater Legislation:*

*AB 2079 (Bennett) – Groundwater Extraction: Large-Diameter, High-Capacity Wells: Permits:*

The Department of Water Resources (DWR) is sponsoring AB 2079, authored by Assemblymember Steve Bennett (D, Oxnard). The bill, which was previously a spot bill, was substantially amended on March 21. As amended, AB 2079 would generally ban the permitting and approval of large-diameter, high-capacity wells if the well would be within one-quarter mile of a well-used for domestic or community water supply, or if the well would be located in an area where subsidence had recently occurred. The bill defines large-diameter, high-capacity wells as being any well with a diameter of more than eight inches and intended to produce two acre-feet or more of water annually.

The Board adopted an “oppose unless amended” position on AB 2079 because the bill would have negatively impact groundwater management in California, water banking projects and the District’s ability to site wells. Staff was authorized to seek amendments to the bill to limit its negative impact on the District’s groundwater interests and seek amendments that would permit wells in managed basins like the Orange County groundwater basins and wells that are part of an approved groundwater bank that is in compliance with CEQA, among other amendments.

On April 16, the bill was amended to exclude water supply wells of public water suppliers and other types of wells. The bill was then heard in the Assembly Water Parks and Wildlife Committee on April 23. The Committee passed the bill with amendments to exclude well from the bill’s prohibitions that are:

- Associated with or part of a conjunctive use or water banking program or project that has approved environmental document consistent with Public Resources Code section 21000 et seq.; and
- Part of a groundwater remediation or protection project that aims to address groundwater contamination, water quality, or sea water intrusion.

Staff will update the Committee on discussions taking place around AB 2079. Once the amended bill is print, staff will review the text to ensure to the bill will not negatively impact the groundwater activities with the Orange County Groundwater Basin and the types of water banking activities the District conducts in the Central Valley. If the bill, once amended, does that effectively, the District will be able to change it position on the bill from “oppose unless amended” to “watch”.

Other 2024 State Legislative Updates:

Staff will also provide an oral update to the Committee on any new developments related to the following:

- Climate resilience bonds;
- Public employment related legislation;
- Public contracting related legislation;
- SB 1218 (Newman, D- Fullerton) – Emergency Water Supplies;
- AB 1827 (Papan, D-San Mateo) – Higher Consumptive Water Parcels and other Water rates and charges related legislation;
- SB 366 (Caballero, D-Salinas) – The California Water Plan Long-Term Supply Targets; and
- Other legislative matters of interest to the District.

2024 State and Regional Regulatory Update:

*Recent Regulatory Actions on Drinking Water Standards:*

Since the last update provided to the Committee, both the State Water Resources Control Board (State Board) and the Office of Environmental Health Hazard Assessment (OEHHA) took action to adopt new standards that relate to drinking water. The State Board on April 17 adopted a new maximum contaminate level (MCL) hexavalent chromium. The final MCL was set at 10 parts per billion. OEHHA similarly adopted public health goals (PHG) for two PFAS chemicals, perfluorooctanoic acid (PFOA) and perfluorooctane sulfonic acid (PFOS), that may be found in some drinking water sources. The PHG for PFOA was set at 0.007 parts per trillion based on kidney cancer in humans. The PHG for PFOS was set at 1 parts per trillion based on liver and pancreatic tumors in laboratory animals.

Other 2024 State and Regional Regulatory Updates:

The following is a list of state and regional regulations and agency reports staff are monitoring, tracking, or planning to engage in over the next three to 12 months. As the next drafts of the regulations or reports are released for public review and comment, staff will engage, as appropriate. Staff will also provide an oral update to the Committee on any new developments related to these regulations and other regulations of interest to the District.

The pending regulations and reports actively being tracked include:

- [California Endangered Species Act Listing](#) for the Southern California Steelhead and other species;
- California Natural Resources Agency (CNRA) [30 x 30 California Implementation](#);
- CNRA's [Water Resilience Portfolio Implementation and Resiliency 2.0 Implementation](#);

- DWR’s [2023 California Water Plan Update](#);
- DWR Surface water and groundwater interconnection guidance;
- Housing and Community Development’s Surplus Land Act guidelines;
- State Board’s implementation of the adopted “[Cross Connection Policy Handbook](#)”;
- State Board’s implementation of the Lead and Copper Rule;
- State Board’s “[Making Water Conservation a California Way of Life](#)” implementation;
- State Board’s [Safe and Affordable Funding for Equity and Resilience \(SAFER\) Drinking Water Program](#);
- State Board’s [Development of Maximum Contaminant Levels for PFAS](#);
- South Coast AQMD’s [Cumulative Impacts from Air Toxics for CEQA Projects](#);
- South Coast AQMD’s Tier 4 Emergency Generator Testing Policy;
- South Coast AQMD’s [PAR 1146.2 Control of NOx from Large Water Heaters, Small Boilers and Process Heaters](#); and
- South Coast AQMD’s [Proposed Rule 1110.4, Emissions from Emergency Generators](#).

Staff will also provide the Committee with an update on other regulatory matters of interest to the District.

#### 2024 Federal Legislative and Regulatory Update:

##### *H.R. 7944*

Rep. John Curtis (R-UT-3) and Rep. Marie Gluesenkamp Perez (D-WA-4) introduced H.R. 7944 on April 11. The legislation represents the House approach to addressing PFAS liability for drinking water systems.

As introduced, the legislation would prohibit the ability of a person, State, or Tribe to recover costs or damages under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) from a protected entity arising from the release of PFAS chemicals that are designated as hazardous substances. The legislation defines "protected entity" as a public drinking water, public or privately owned treatment works, a municipality with a Clean Water Act 402 permit for stormwater, political subdivision or special district, or contractor performing management or disposal activities. It would grant a CERCLA liability exemption to a cover entity that transports, treats, disposes of, or arrangement for the transport, treatment, or disposal of PFAS, provided its actions were consistent with the laws governing those actions.

H.R. 7944 was referred to the Committee on Energy and Commerce, and the Committee on Transportation and Infrastructure. Staff recommends that the Board adopt a “support” position on H.R. 7944, as the District would be an entity protected by the bill.

*Kern Fan Groundwater Storage Project Outreach:*

IRWD's federal advocacy priority in 2024 focuses on seeking federal funding for the Kern Fan Groundwater Storage Project and advocating for an increased funding authorization for the federal Water Storage Program. Staff will provide an update on those efforts and the District's next steps, given the recent award of Small Storage Program grant funding to Phase 1 of the project.

*U.S. EPA Final Rule PFAS/PFOA CERCLA Designation:*

The U.S. EPA [released its final rule designating PFOA and PFOS](#) as hazardous substances CERCLA. The finalization of this rule official designates PFOA and PFOS as hazardous substances, and it allows EPA to use CERCLA to address PFAS contamination. Along the finalized rule, the [EPA released an Enforcement Discretionary Policy](#) to outline its position that it does intend to go after public water and wastewater utilities under the final rule. The rule becomes effective 60 days after publication.

*U.S. EPA Final PFAS Primary Drinking Water Standards:*

The U.S. EPA also finalized its rule establishing [finalized](#) its national primary drinking water regulation for six PFAS: PFOA, PFOS, perfluorohexane sulfonic acid (PFHxS), perfluorononanoic acid (PFNA), hexafluoropropylene oxide dimer acid (GenX chemicals), and perflurobutane sulfonic acid (PFBS). The rule establishes individual MCLs for each of these substances along with a hazard index MCL for four PFAS substances.

*Other Federal Regulatory Updates:*

The following is a list of federal regulations and agency reports staff are monitoring, tracking, or planning to engage in over the next three to 12 months. As the next drafts of the regulations or report are released for public review and comment, staff will engage, as appropriate. Staff will also provide an oral update to the Committee on any new developments related to these regulations and other regulations of interest to the District. The pending regulations and reports actively being tracked include:

- U.S. Environmental Protection Agency's (U.S. EPA's) [Lead and Copper Rule Improvements](#);
- U.S. EPA's [Proposed PFAS National Primary Drinking Water Regulation](#);
- U.S. EPA's [Consumer Confidence Report Rule Revisions](#); and
- Bureau of Reclamation's [Post-2026 Colorado River Reservoir Operational Guidelines and Strategies for Lake Powell and Lake Mead](#).

FISCAL IMPACTS:

Not applicable.

ENVIRONMENTAL COMPLIANCE:

Not applicable.

RECOMMENDATION:

That the Board adopt a “WATCH” position on SB 937 (Weiner) and SB 1210 (Skinner), and a “SUPPORT” position on AB 2515 (Papan), SB 903 (Skinner), and H.R. 7944 (Curtis-R-UT-3).

<b>Bill No. Author</b>	<b>Title</b>	<b>IRWD Position</b>	<b>Summary/Effects</b>	<b>Status</b>
<b>AB 824</b> (Calderon)	Highway Greening: Statewide Strategic Plan		Enacts the Highway Greening Act, which would require the Department of Transportation to complete a statewide strategic plan to work to achieve at least a specified percent increase of green highways in urban areas, disadvantaged communities, and low-income communities by specified year. Requires the department to submit the plan to the Legislature and specified committees of the Legislature on or before specified date.	09/01/2023 - In SENATE Committee on APPROPRIATIONS: Held in committee.
<b>AB 828</b> (Connolly)	Sustainable Groundwater Management: Managed Wetlands		Adds various defined terms for purposes of the Sustainable Groundwater Management Act, including the terms managed wetland and small community water system. Provides that existing law grants a groundwater sustainability agency specified authority and authorizes a groundwater sustainability agency to regulate groundwater extraction using that authority. Prohibits a groundwater sustainability agency from using that authority under specified circumstances.	01/29/2024 - In ASSEMBLY. Read third time. Passed ASSEMBLY. *****To SENATE.
<b>AB 830</b> (Soria)	Lake and Streambed Alteration Agreements: Exemptions		Provides that existing law prohibits a person, a state or local governmental agency, or a public utility from substantially diverting or obstructing the natural flow of, or substantially changing or using any material from the bed, channel, or bank of, any river, stream, or lake. Exempts the temporary operation of existing infrastructure or temporary pumps being used to divert flood stage flows or near-flood stage flows to groundwater recharge as long as certain conditions are met.	09/01/2023 - In SENATE Committee on APPROPRIATIONS: Held in committee.
<b>AB 837</b> (Alvarez)	Surplus Land: Exempt Surplus Land		Provides, until specified date, that land that is subject to a sectional planning area is not subject to specified requirements for the disposal of surplus land if specified conditions are met. Requires a local agency that disposes of land pursuant to these provisions to submit a specified report to the Department of Housing and Community Development.	06/07/2023 - To SENATE Committees on GOVERNANCE AND FINANCE and HOUSING.
